

JANOME BOBBIN HOLDER

EMBROIDERY

Blue Dot

- Machine Embroidery
 - For use with stippling in hoop
 - Some projects may require this holder

Yellow Dot

- Use with Janome bobbin thread
- Use with thinner bobbin thread

Red Dot

- Use with non-Janome Bobbin Thread
- Heavier Weight Bobbin Thread
- Use with Lace Designs and Quilting Designs

BOBBIN CASE

Blue Dot

- Looser Tension than the Standard Red Dot
- For Good Stitching top and underneath when Free Motion Quilting

Yellow Dot

- Higher tension than the Standard Red Dot
 - Tension is 2x Higher
- Prevents threads from coming up to top of fabric
- Use when using finer weight threads

Red Dot

- Standard Bobbin Case

SEWING

Blue Dot

- Use with
 - Free Motion Quilting if the thread pulls down to the bottom (eyelashes)
 - Hand Look Quilt Stitches
 - For Use with Heavier Threads
 - With floss bypass bobbin case and go up through needle hole

Yellow Dot

- Use with Variable Zig Zag Stitches
- Use with finer weight threads

Red Dot

- All General Sewing
- Free motion quilting as long as thread is balanced top and bobbin
