FINISHING THE PILLOW:

- Make a quilt sandwich by placing the backing fabric right side down, the batting on top, then the pillow top centered right side up. Baste the layers together using your preferred method. Quilt as desired.
- Cut two panels for the envelope closure for the backside of the pillow. The left and right side panels will measure 20 1/2" x 14 1/2". Hem one 20 1/2" side on the left side panel by pressing the 20 1/2" edge over to the wrong side of the panel by 1/4". Press the folded edge over another 1/4". Top stitch the hem in place by sewing 1/8" away from the folded edge of the hem. Repeat this step with the right side panel.
- Overlap the two panels on the backside of the pillow cover and baste the panels in place by sewing around the perimeter of the pillow 1/8" away from the edge.
- Cut (3) 2 1/4" x WOF strips for the binding. Sew the binding strips, RST, with a diagonal seam. Trim 1/4" away from the sewn line and press the seam open. Fold the joined binding strips in half lengthwise, wrong sides together, and press. Attach binding to the front side of the pillow with a 1/4" seam allowance. Fold the binding over to the backside of the pillow and machine or hand stitch in place.

Hem one 20 1/2" edge on both left and right side panels

Layer panels on backside of pillow cover so the hems overlap. Baste 1/8" away from edge by sewing around perimeter pillow
