SEWING INSTRUCTIONS

1. Place one piece of fabric 1 and one piece of lining right sides together and place one piece of batting on top. Sew all parts together with a 4-thread overlock stitch along the long side. (ill 1)
2. Fold out the layers so that the right sides are facing outwards and the batting is between the two fabrics. (ill 2)
3. With fabric 1 facing upwards, place one piece of fabric 2 on top and another piece of lining under all the layers, right sides together. Place one piece of batting on top. Serge along the raw edge. (ill 3)
4. Again, fold out the layers so that the right sides are facing outwards and the batting is in between the fabric layers. (ill 4)
5. Continue sewing the rest of the 6" x 43" (15 x 110 cm) pieces using the same technique.
6. Cut all loose threads and press.

4.

7. Use the same technique as before when sewing the 15" x 38.2" (37 x 97 cm) pieces of fabric 3 and the lining, but now place them along each of the short sides. Sew along the edges, fold out and press.

8. Thread your regular sewing machine and set it for straight stitch.
9. Sew all the 3" x 43" (7.5 x 110 cm) strips together into one long strip. Fold in half lengthwise, wrong sides together, and press.
10. Sew the strip to the back side of the quilt. Fold it around the edge and stitch it to the front side.
