

Whitlock's Weekly Whimsy

Week 1

Block 3

Cutting:

<i>Fabric</i>	<i>Measurements</i>
Color 8	4 @ 3 ½ x 2
Color 1	1 @ 3 ½ x 3 ½
Color 11	4 @ 2 x 2

Sewing:

We are going to begin with an easy one! Lay out your block as shown.

Take the Top Background piece and flip it right side together on the left corner square.

Sew but do not cut the thread at the bottom! Flip the Center square RST on the left background. Sew, again do not cut the thread. Repeat with the final Background and bottom left corner. Remove from your sewing machine but do not cut apart.

Place your first two rows back on your design area and open them up. Now you can begin at the top and add the final column of pieces. Flip the top right square RST on the top row, sew, do not cut. Repeat for the remainder of the blocks in that column.

Now you have the entire block “webbed” together and there will be no chance of turning anything in the wrong direction.

At this point you can look at the block and decide which ways to press your seams. This block is perfect for pressing to the dark side, so that is what I did.

Now you can sew your rows together, nesting the seams. Press again and you are done! Your block should measure 6 ½ inches.

Congratulations! One down...
