4 at a time

Sewing:

Make 4 flying geese with Color 3 and Color 9, using the method you prefer.
(I used the Stitch and Flip Method in the video)

Let's built the center block.

Layer Color 6 and Color 10 2 x 4 ½ rectangles RST and sew on the lengthwise side. Press towards Color 10. Cut into 2 pieces 2 x 3 ½.

Layer RST together alternating the colors and nesting the center seam and sew. This will measure 3 ½

Time to layout and web.

Press towards the center square so that the bulk at the goose point is dispersed and not doubled.
