National Educator
Annette Look

Annette began sewing when she was introduced to the joy of making garments in High School. Knowing that she could use her skills to make clothing the way she wanted, she developed a love of creating with fabric. After getting married and starting a family, Annette was invited to attend her first quilt piecing class, so the journey of quilting began.

In 2009, Annette purchased her first longarm machine, the HQ Sixteen®. It was the start of a special relationship with quilting. Annette discovered what could be done on a longarm machine by taking classes that helped her gather as much knowledge as possible to expand her quilting ability. In 2018, the purchase of the HQ Amara® brought more exciting possibilities. It wasn't long after when the ProStitcher® was added, and her business, The Quilting "Look," was born.
