Having a mother who was a wonderful seamstress exposed Jeannine to the joy of sewing at a young age. She began free motion quilting on her domestic machine but desired more opportunities for quilting. She has become an award-winning quilter, earning awards for her professional quilting for 3 years in a row. She has learned much since opening her business and looks forward to continuing learning and growing in the quilting industry. Because she loves working with people and encouraging and guiding them through the quilting process, she is excited to be a part of the Handi Quilter team of educators!
